### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1, 7 and 43 are allowed over Cho et al because Cho et al do not disclose or suggest the feature "wherein the connecting portion is an L-shaped protrusion".

Claims 2, 3, 8-10, 12, 44 and 46 are also allowed since they depend on claims 1, 7 and 43.

Claim 19 is allowed over the prior art of record because none of the prior art discloses or suggests the feature "the rear frame has a receiving portion supporting the panel, a peripheral portion located at the periphery of the receiving portion, and at least one fastening portion for mounting a fastening device therein, and *the fastening portion is extended from the peripheral portion for a predetermined distance and bent to the back of the receiving portion*". Claim 23 is also allowed since it depends on claim 19.

Claims 25, 32 and 39 are allowed because they recite features similar to the allowed features of claims 1, 7, 19 and 43. Claims 37, 40 and 42 are also allowed since they depend on claims 32 and 39.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
